IMPORTANT SAFEGUARDS

When using electrical appliances – especially when children are present, basic safety precautions should always be followed to reduce the risk of fire, electric shock and/or injury to persons.

- ✓ READ ALL INSTRUCTIONS
- ✓ Make sure your power supply is consistent with the rated specification of the product before connecting.
- ✓ This voltage protector is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or lack of experience and knowledge – unless they are under supervision or instruction concerning use of the voltage protector & any attached appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- ✓ Do not operate if the voltage protector is damaged – or after any malfunctions or has been dropped or damaged in any manner. Do not modify or repair the voltage protector yourself. Return the voltage protector to the nearest authorised service facility for examination, repair or adjustment.
- ✓ This product is intended for domestic indoor use only. Do not use outdoors or for commercial purposes.
- ✓ To protect against electric shock, do not expose the voltage protector or attached appliance to water or other liquid.
- ✓ Use this appliance only for its intended use – as described in this manual.
- ✓ Do not use the appliance if it has mechanical defects (dents, cracks etc.). Get it checked by the nearest authorized service centre.

SPECIFICATION

Rated Voltage: 230V~ 50/60Hz
Max Load: 13A (2900W)
Spike Protection: 140J
Working Voltage: 171V~ to 259V~

KNOW YOUR APPLIANCE

Digital Display

Delay Button

BEFORE FIRST USE

- Remove all packing materials from the voltage protector.
- Make sure your power supply is consistent with the rated specification of the product before connecting.

OPERATING INSTRUCTIONS

The AVP-1300 has advanced microprocessor control that protects your valuable equipment against voltage spikes, lightning surges & power supply voltage fluctuations (under voltage and over voltage).

Under Voltage Protection

If the supply voltage drops below 170V~, the AVP-1300 will cut the output.

Over Voltage Protection

If the supply voltage rises above 260V~, the AVP-1300 will cut the output.

- 1) Connect the 3 pin BS Plug to a wall socket
- 2) The **Digital Display** will indicate a countdown time in seconds – based on the **Delay Button** setting - then it will display the input voltage.
- 3) Plug in your electrical appliance to the AVP-1300 outlet and use it normally.

DELAY BUTTON

Select the delay mode:

MODE	LED INDICATOR	USE WITH
3M (3 minutes / 180 seconds)	GREEN	freezers, fridges, water dispensers
5S (5 seconds)	RED	All other appliances such as TV, home theatres

DIGITAL DISPLAY

The display will indicate based on the mode:

Voltage Input (Vin)	DISPLAY	Voltage Output (Vout)
Vin <170V~	Blink "LOP" & actual Vin voltage	NO OUTPUT Protection Mode
Vin >260V~	Blink "HIP" & actual Vin voltage	NO OUTPUT Protection Mode
Vin = 171-259V~	Countdown time during DELAY then Vin voltage	NORMAL FUNCTION

For stable long life of AVP-1300- it is recommended not to exceed:
2.5A (600W) for fridges, freezers and water dispensers.
10A (2300W) for all other appliances.

CARE AND CLEANING

- Always unplug the AVP-1300 before cleaning and storage.
- Wipe the AVP-1300 with a damp cloth, to remove dust. Do NOT get the AVP-1300 wet.
- Dry with a soft absorbent cloth and ensure 100% dry before next use.

SERVICE & CUSTOMER CARE

There are no user serviceable parts inside the AVP-1300
If the unit is damaged it must, for safety reasons, be replaced by Binatone or an authorised Binatone repairer.

If you need help with:
using your product
servicing or repairs (in or out of guarantee)

Have your model number & batch code ready – it is located on the rating label on your product

Please consider recycling this instruction manual responsibly

WARRANTY

Save your proof of purchase sales receipt.

BINATONE warrants, subject to the conditions stated below, that from the date of purchase, this product will be free from mechanical defects for a period of two (2) years.

This is a domestic product – warranty does not cover products that have been used for commercial purposes.

BINATONE at its option, will repair or replace a product found to be defective during the warranty period. Should this product become defective by reason of improper workmanship or material defect during the specified warranty period, BINATONE will repair or replace the same effecting all necessary part replacements.

Transportation charges on parts, or products in whole, submitted for repair or replacement, under this warranty, must be borne by the purchaser.

CONDITIONS: This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable. Keep the original sales receipt. Proof of purchase is required to obtain warranty service or replacement. Dealers, service centres, or retail stores do not have the right to alter, modify or in any way, change the terms and conditions of this warranty.

Warranty registration is not necessary to obtain warranty on BINATONE products.

ABOUT YOUR PRODUCT WARRANTY: Most warranty repairs are handled routinely, but sometimes requests for warranty service may not be appropriate. For example, warranty service would NOT apply if the product damage occurred because of misuse, lack of routine maintenance, shipping, handling, warehousing or improper installation. Similarly, the warranty is void if the manufacturing date or the serial number on the product has been removed or the equipment has been altered or modified. During the warranty period, the authorized service dealer, at its option, will repair or replace any part that, upon examination, is found to be defective under normal use and service.

NORMAL WEAR & SERVICE/REPLACEABLE PARTS: This warranty does not cover normal wear of parts or damage resulting from any of the following: Negligent use or misuse of the product; Improper voltage or current; Use contrary to the operation instructions; Deviation from instructions regarding storage and transportation; Repair or alteration by anyone other than BINATONE or an authorized service centre; service parts replaced by user. Further, the warranty does not cover Acts of God, such as fire, flood, hurricanes, tornadoes etc.

Customers connecting BINATONE appliances directly to the mains power outlet or using a non-BINATONE stabilizer, risk voiding their BINATONE warranty. We recommend using quality BINATONE stabilizers for your protection – be wise, buy the best – always buy BINATONE

HOW TO OBTAIN WARRANTY SERVICE: Please contact BINATONE Customer Service (see Service & Customer Care section)
